

MODEL NUMBER: FWP-1500/600

Formtects 1500 & 600 model represent the entry level line of coolers. Equipped with cold and hot tanks, this model makes itself a great unit to have in any setting where moderate consumption is the norm.

With plenty of internal space, filter configurations and changes are performed with ease and without complication.

A simple interface allows each user to know when the water is heating and cooling. These coolers also come equipped with child safety locks and sturdy faucets.

The FWP-1500 and FWP-600 come standard in white. Black is an available option on both models.

SPECIFICATIONS: FWP-1500

Dimensions: 13"W x 14"D x 42"H
Shipping weight: 59 lbs.
Cold tank volume: 1 gal
Hot tank volume: 0.5 gal
Cooling rate: 5.3 gal/hr
Heating rate: 3.2 gal/hr
Voltage: 110 VAC
Power Required: 600W max

SPECIFICATIONS: FWP-600

Dimensions: 13"W x 15"D x 20"H
Shipping weight: 42 lbs.
Cold tank volume: 1 gal
Hot tank volume: 0.5 gal
Cooling rate: 5.3 gal/hr
Heating rate: 3.2 gal/hr
Voltage: 110 VAC
Power Required: 600W max

PURIFICATION SYSTEM:

Standard Filtration 1500F/600F
Stage 1: 5 micron sediment
Stage 2: 10 micron activated carbon
Stage 3: Post GAC carbon

Reverse Osmosis 1500RO/600 RO
Above 3 stages +
Stage 4: 50-GPD RO membrane
